

How it works

Affiliate Programme

Now you're ready to share the opportunity

Qualification Process

To qualify as a **an Affiliate** you should:

- Be out of contract with your current telecoms provider
- Have a telephone bill that meets **Mayflower's** qualification process
- Join our **Affiliate Programme** for a minimum of 12 months (one month rolling thereafter)
- Refer business contacts to the **Programme**

The rates you pay for line rental and call charges will remain the same as your current provider

Upload Telephone Bill

You will need to upload a copy of your latest telephone bill to **Mayflower** for analysis, including any report sheets, **ideally in an electronic format**

- Upload to the website at **mayflowerplc.com/upload-bill** or when initially registering

Next steps ...

When we've confirmed that your bill qualifies, you will receive a completed **Affiliate Programme** agreement via Docusign. This will need to be signed electronically

The agreement includes a direct debit mandate, which also needs to be completed

You will be registered on the **Backoffice Portal** so you can access your **Affiliate information** and track your **Commissions**

You will receive a link to your **Welcome Pack** with full details

The process to transfer your telephone services to **Mayflower** will begin. This usually takes around 10 working days

You will receive:

- Invitations to attend regular **Zoom Video Meetings**
- You can get immediate access to our private facebook group
- Start introducing the opportunity to your business contacts immediately
- You will start earning **commission** as soon as the people you have introduced as **Affiliates** start paying their bills
